

# IRDiRC

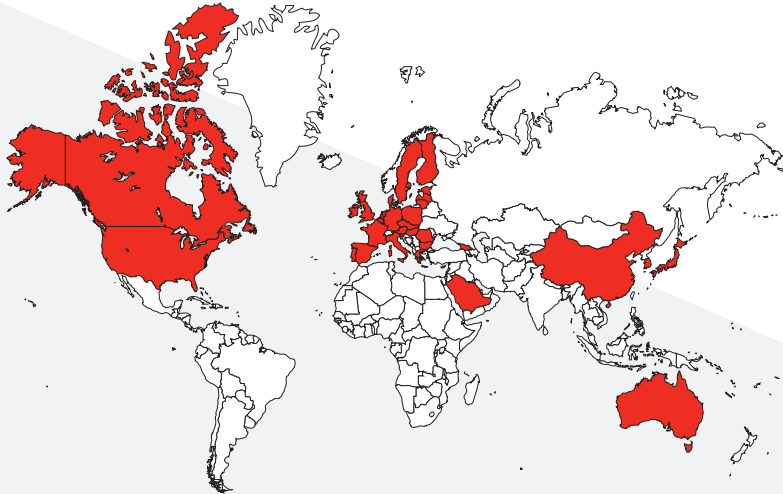

INTERNATIONAL  
**RARE DISEASES RESEARCH**  
CONSORTIUM

▶ IRDiRC teams up researchers and organisations investing in rare diseases research to achieve two main objectives:

- ▶ **Deliver 200 new therapies for rare diseases by 2020**
- ▶ **Develop the means to diagnose most rare diseases by 2020**

▶ Members are:

- ▶ **Funding organisations spending more than 10 million USD over 5 years in research projects contributing to IRDiRC objectives**
- ▶ **Government, academia, industry and patient organisations**

## **Funding organisations from**

- Europe
- Asia
- Middle East
- North America
- Australia
